

EventComponent

```
classDiagram
    class EventComponent
    class EventLeaf
    class StudentGuide
    EventLeaf --|> EventComponent
    StudentGuide --|> EventLeaf
```

The diagram illustrates a class hierarchy with three classes: EventComponent, EventLeaf, and StudentGuide. EventComponent is the base class at the top. EventLeaf inherits from EventComponent, indicated by an upward-pointing arrow. StudentGuide inherits from EventLeaf, also indicated by an upward-pointing arrow. All classes are represented by rectangular boxes with black borders.
